Mr. Eatock, Patrick Edrington, pres., Amanda Baker, treas., Ryan Langley, class rep., Megan Reeser, vice-pres., Jarah Roos, sec.

It has finally happened! The class of 1998 has arrived. We have many achievers, artists, and athletes who are sure to go far in life! The guys are busy in football, basketball, and golf. The girls stay busy with cheerleading, volleyball, and basketball. Scholastic bowl keeps many of us busy, too. Money makers included: bake sales, cake raffles and 50/50 drawings. The year was so great, we anticipate the next three of our fun high school years.

As we came back from an extremely short summer, we realized that a sophomore's life has more to look forward to than a freshman! Although we got our share of teasing, we were able to tease the underclassmen as well. Our first big experience was to chose class rings! We ALL anxiously awaited getting our driver's licenses and the freedom that went along with that. With all this excitement and many of us being active in sports and extracurricular activities, it was a terrific year. Now, let's just make it to and through our junior year!!!!

The junior class has been very active this year. We had to put on the prom for the seniors, and begin to think about college and what to do with our futures. We picked out our announcements. On the lighter side, our class got first in the scavenger hunt and second on the wall deck. Our class being the most boisterous, won us the spirit stick! We look forward to our senior year!

Seniors

Our first step as freshmen was very careful.

A license to drive was the theme for our sophomore year. Junior year was spent planning the prom.

Now we are seniors trying to budget class finances for a senior trip and plan graduation. These four years have gone by fast and now it is time for us all to take on new challenges: whether it be taking on a full time job or going to college, Best of luck to all.

Girls Basketball

Deland - Weldon has not had a girls basketball team since 1986. The 1994-95 season was a welcome challenge to all of us!

The Varsity team faced the biggest challenges, improving as the season moved on but never bringing home a win.

Junior varsity was more competitive and managed one win at the end of the season. We all enjoyed the season and learned so much we are looking forward to next year's basketball challenges!
